givejedahand #oneBRAVEnight #CAMH CEO Catherine Zahn: #Neurologist #Mom #FASCIST! #sloganeering #militancy which drifts ineluctably from #mentalillness to "the #mentallyill" - whoever we are - while her #friends are clearly the #corporate #clients whom she #legitimizes in exchange for donations. She sees herself as the leader of #socialchange - from the top?! - and of a #movement - although nobody voted for her except obviously her board of directors and #CAMHFoundation. Instead of #neurologist she should have said #demagogue or even #fuhrer at the centre of a bad #case of #fuhrerworship. #sunriseselfie
